

CUMMINS

JetCount[®] Currency Counters

1,600 Notes per Minute

Three selectable speeds from 600 to 1,600 notes per minute provide the speed and the control needed for accurate currency processing.

Compact & Durable

Small to fit where needed, JetCount[®] has heavy duty components like sealed ball bearings, precision machined roller shafts, an all metal internal frame plus a durable and easy-to-clean high impact case.

Easy to Understand & Use

JetCount displays all counts, values and messages in one illuminated display. You see clear numbers and words, not colored lights and symbols.

MADE IN
USA

Compact and low priced for use everywhere, JetCount® note counters feature top quality design, components and construction to handle the most demanding applications and provide years of reliable service.

Designed and built in the USA by Cummins, the features and design excellence of the JetCount result from over 35 years of experience in providing the very best in advanced money processing products.

Shown with optional high capacity hopper.

Specifications*

Counting Speeds: 3 selectable speeds from 600 to 1,600

Batch Settings: Preset: 5, 10, 20, 25, 50, 75 & 100, or adjust from 1 to 100

Top Hopper Capacity: 300 notes

Stacker Capacity: 150 notes

Modes: Unit Count and Add Mode

Alarms: Chain, Double, Half Note and Jam

Note Size: Height - 2.41" to 3.8"
Width - 4.5" to 7"

Size: 9" H x 12" D x 10³/₄" W

Weight: 15 pounds

Power: Voltage operating ranges are either 105-130v or 198-253v. Frequency is 60/50Hz. Customer must provide an electrical supply properly grounded and protected by a circuit breaker in accordance with applicable electrical code. This equipment must be plugged into a properly grounded outlet.

Power consumption (full load amps) at nominal voltage: 0.6 Amps (120v); 0.3 Amps (220v)
Power disruptions that result in input voltage other than the power requirements listed can lead to improper operation of this device or result in failure/damage to electrical components. (Power disruptions are not covered under machine warranty or preventative maintenance agreement.) Power conditioning/stabilizing devices are available through Cummins.

JetCount® Currency/Document Counters

Very Fast, Fully Featured, Accurate & Reliable

Standard Features

Bright LED Display

Illuminated display is easy to see under all lighting conditions.

1,600 Notes per Minute!

JetCount makes quick work of even the highest volumes of bills while assuring unsurpassed accuracy.

Three Speed Selections

Any three speeds from 600 to 1,600 (in increments of 200) can be selected and used as desired.

Pre-Set & Adjustable Strap Limits

Provides fast selection of pre-set counts, plus the ability to adjust limits to any count from 1 to 100.

Add/Clear Control

Provides totals of multiple batches or automatically clears total with each batch.

Fail Safe Error Detection

Senses double bills, folded bills, chains and jams to assure accurate counts. The problem is identified on the display and an audio alarm sounds.

Easy-to-Understand Display

In place of multiple displays, lights and other indicators, JetCount provides all operating information in one easy-to-understand display.

Protected Data and Set-Ups

All processing data and set-ups are protected during low power and power loss situations.

Auto Start & Restart

JetCount starts as soon as bills are added to the top hopper and automatically restarts when bills are removed from the bottom stacker.

Short Paper Path

Minimizes jams and allows easy removal of bills and makes cleaning easy.

Tactile Keypads

Easy-to-use and less fatiguing than membrane keyboards, these keys provide clear tactile feedback when depressed.

Options & Accessories

Magnetic Ink Sensors

Special magnetic sensors measure the level of magnetic ink. When a suspect bill is processed, it activates an alarm and stops the counter.

Enhanced Ultraviolet Sensors

Sensors test paper for fluorescence and stop on each suspect bill. This Cummins option also uses additional patented techniques that have detected counterfeit bills that were missed by other brands of UV equipped currency counters.

Other Options:

- RS232 Communications Kit
- Remote Display
- Value Counting
- 40 Character Printers
- Single-Touch, Strap Count Setting Keys (Six)
- Single-Touch, Denomination Setting Keys (Six)
- Canvas Carrier
- 700-Bill, High Capacity Hopper
